Set goals, achieve success, grow as an individual and do good.
Wishing everyone at Pillar Security continued success.

COVID-19 UPDATE

Pillar Security follows all the guidelines as directed by Public Health and the Government of Ontario. Pillar Security strongly recommends that staff get vaccinated, as it has been proven to reduce risk, stop the spread and reduce the symptoms if contracted. Please note that there is an opportunity for all our staff to use government paid sick days should they need a day off due to COVID-19 related reasons.

Furthermore, the province was under full lock down and is set to reopen as of January 31st, 2022. We strongly recommend that everyone continue to follow best practices pertaining to COVID-19. Wash your hands, wear your masks, maintain social distancing, sanitize, and have good hygiene practices.

We want all staff to be cautious of surroundings and monitor yourselves for any symptoms pertaining to COVID-19. Ensure to call Public Health and/or Pillar Human Resources Department for further guidance.

DISPATCH DEPARTMENT

We encountered the toughest day in scheduling on Monday January 17, 2022. Calls were being received every minute, and we were assisting to the best of our capabilities. We want to thank everyone who went the extra mile in assisting our department.

Please note that due to COVID-19 and the current weather, we ask that everyone adhere to the new book off policy. As everyone can imagine, it is becoming increasingly difficult to find coverage due to last-minute book offs. We all want our company to succeed, and we rely heavily on our field staff to perform and shine on the field! Performance includes attendance!

Our company is growing, as we are slowly building our portfolio of condominiums. Our department is still recruiting for a full-time Mobile Supervisor. If you or anyone you know meet the qualifications, please send an email to our Human Resources Department.

MONDAY JANUARY 17, 2022

We want to thank all our employees for their efforts during the recent snowstorm. Monday January 17, 2022 was unexpected and took the province by storm. Busses were shut down, highways were closed, people were trapped. Though this is the first time in Pillar Security history that we have encountered service failures at multiple sites; we are happy with how the entire organization handled this stormy day. A lot of guards through pure dedication still managed to reach their respective sites to relieve their colleagues. A lot of overnight and daytime staff worked hours exceeding their shift to ensure that Pillar Security didn't encounter service failure. They wanted to be there for the community that they have serviced for many months, some even years. We are very proud that staff persevered through this rough day. Some staff even resided at the building guests' suites with permission from the Property Managers, to ensure that they were there to relieve their colleague.

We are very humbled by this entire experience and it was an opportunity to showcase why Pillar Security has the best team of guards in the Greater Toronto Area. Pillar Management wants to thank all our colleagues for going above and beyond their duties.

Thank you!
