All emergency orders which were set to expire on December 1, 2021 have been extended until March 2022. Thus, under the Reopening Ontario Act, the government of Ontario will extend all public health measures currently in place until the end of March. This includes the provisions pertaining to proof of vaccination system to enter certain establishments.

This all comes at a time, where the COVID-19 cases within Ontario have increased stopping the Ontario government from initiating its next phase in the reopening plan.

The next phase which is now scheduled for mid January would see capacity limits lifted and potentially lifting the vaccine certificate system.

We are still time away from lifting all 28 orders under the Reopening Ontario Act.

OPERATIONS TEAM

There have been a lot of transitions these past couple months. We are working alongside the Scheduling department and Human Resource department to ensure that ideal staff members are placed at each site! Though it has been a difficult time, there have been many individuals within the company whom have been promoted! We want to take this time to congratulate and wish those staff members the best of luck!

A lot of members are taking on new roles and responsibilities. The Operations Team is working alongside these members to ensure that they have the proper tools and support in order to succeed.

We are constantly on the lookout for stellar staff to promote. Our company is growing, and as we get new sites, we need existing members to take on leadership roles. We then provide an added layer of training at our head office for these specific members.

Do you think you can lead a team? Or know someone who would be a great leader? Email Operations today!

MOBILE TEAM

Pillar Mobile Staff include Shahid, Govind, Ben and Parth. Our Mobile Team is comprised of experts in the condominium industry.

They routinely go site-to-site to check on all staff. The Mobile Team ensures that our staff is in proper uniform, carrying the proper licenses, and performing all duties at the desk with utmost customer service and professionalism.

Mobile Team members are also trained on-site so that they may assist in any sort of questionnaires. They are readily available and can be dispatched to assist as needed.

Next time you see them, ask them questions and take them on a patrol. They have a lot of knowledge and tips which they can share to help you perform in your role!
